

Medtronic Announces Cash Dividend for Third Quarter of Fiscal Year 2016

DUBLIN - December 11, 2015 - The board of directors of Medtronic plc (NYSE:MDT) today approved the fiscal year 2016 third quarter cash dividend of \$0.38 per ordinary share, representing a 25 percent increase over the prior year. This quarterly declaration is consistent with the dividend announcement made by the company in June. Medtronic has increased its annual dividend payment for the past 38 consecutive years, and is a constituent of the S&P 500 Dividend Aristocrats index. The dividend is payable on January 15, 2016, to shareholders of record at the close of business on December 24, 2015. While a portion of the dividend may be treated for U.S. tax purposes as a return of capital, the company expects that, over time, its dividend will be treated completely as a distribution of earnings for U.S. tax purposes. Additional information about the tax treatment of the dividend is available by clicking on the Investors link through the Medtronic website at www.medtronic.com.
