(1) The Tender Caps for each series represents the maximum aggregate principal amount of notes of such series that

will be purchased in the Tender Offer.

(2) The applicable page on Bloomberg from which the lead dealer managers for the Tender Offer will quote the bid-side prices of the applicable U.S. Treasury Security on the Price Determination Date.

(3) Inclusive of the Early Tender Premium.

The Tender Offer is being made upon and is subject to the terms and conditions set forth in the Offer to Purchase dated March 31, 2016 (the "Offer to Purchase") and the related Letter of Transmittal. The Tender Offer will expire at 11:59 p.m., New York City time, on April 27, 2016, unless extended or earlier terminated by the Offerors (the "Expiration Date"). Tenders of Notes may be withdrawn at any time at or prior to 5:00 p.m., New York City time, on April 13, 2016 (the "Early Tender Deadline"), but may not be withdrawn thereafter except in certain limited circumstances where additional withdrawal rights are required by law.

The consideration paid in the Tender Offer for each series of Notes that are validly tendered and accepted for purchase will be determined in the manner described in the Offer to Purchase by reference to a fixed spread over the yield to maturity of the applicable U.S. Treasury Security specified in the table above and in the Offer to Purchase (the "Total Consideration"). Holders of Notes that are validly tendered and not withdrawn at or prior to the Early Tender Deadline and accepted for purchase will receive the applicable Total Consideration, which includes an early tender premium of \$30.00 per \$1,000 principal amount of the Notes accepted for purchase (the "Early Tender Premium"). Holders of Notes who validly tender their Notes following the Early Tender Deadline and on or prior to the Expiration Date will only receive the applicable "Tender Offer Consideration" per \$1,000 principal amount of any such Notes tendered by such holders that are accepted for purchase, which is equal to the applicable Total Consideration minus the Early Tender Premium. The Total Consideration will be determined at 11:00 a.m., New York City time, on April 14, 2016, unless extended by the Offerors.

Payments for Notes purchased will include accrued and unpaid interest from and including the last interest payment date applicable to the relevant series of Notes up to, but not including, the applicable settlement date for such Notes accepted for purchase. The settlement date for Notes that are validly tendered on or prior to the Early Tender Deadline is expected to be April 15, 2016, two business days following the Early Tender Deadline (the "Early Settlement Date"). The settlement date for Notes that are tendered following the Early Tender Deadline but on or prior to the Expiration Date is expected to be April 28, 2016, one business day following the Expiration Date (the "Final Settlement Date"), assuming the Maximum Tender Amount is not purchased on the Early Settlement Date.

Subject to the Tender Caps as set forth in the table above and the Maximum Tender Amount, all Notes validly tendered and not validly withdrawn on or before the Early Tender Deadline having a higher Acceptance Priority Level (with 1 being the highest) will be accepted before any tendered Notes having a lower Acceptance Priority Level (with 7 being the lowest), and all Notes validly tendered after the Early Tender Deadline having a higher Acceptance Priority Level will be accepted before any Notes tendered after the Early Tender Deadline having a lower Acceptance Priority Level. However, even if the Tender Offer is not fully subscribed as of the Early Tender Deadline, subject to the Tender Caps and the Maximum Tender Amount, Notes validly tendered and not validly withdrawn on or before the Early Tender Deadline will be accepted for purchase in priority to Notes tendered after the Early Tender Deadline even if such Notes tendered after the Early Tender Deadline have a higher Acceptance Priority Level than Notes tendered prior to the Early Tender Deadline.

Notes of a series may be subject to proration if the aggregate principal amount of the Notes of such series validly tendered and not validly withdrawn is greater than the applicable Tender Cap or would cause the Maximum Tender Amount to be exceeded. Furthermore, if the Tender Offer is fully subscribed as of the Early Tender Deadline, holders who validly tender Notes following the Early Tender Deadline will not have any of their Notes accepted for payment.

The Offerors' obligation to accept for payment and to pay for the Notes validly tendered in the Tender Offer is subject to the satisfaction or waiver of the conditions described in the Offer to Purchase. The Offerors reserve the right, subject to applicable law, to: (i) waive any and all conditions to the Tender Offer; (ii) extend or terminate the Tender Offer; (iii) increase or decrease the Maximum Tender Amount and/or increase, decrease or eliminate one or more of the Tender Caps; or (iv) otherwise amend the Tender Offer in any respect.

The Company expects the costs related to this transaction to be recognized as a one-time expense in its fourth fiscal quarter, and will be excluded from its non-GAAP results. The Company does not expect this transaction to affect its fourth quarter interest expense outlook or its fiscal year 2016 earnings per share guidance.
