

Medtronic Announces Robotic-Assisted Surgery Investor Update

DUBLIN, Sept. 16, 2019 (GLOBE NEWSWIRE) -- [Medtronic plc](#) (NYSE:MDT), the global leader in medical technology, today announced that it will host a Robotic-Assisted Surgery (RAS) Investor Update on Tuesday, September 24, 2019, in Hartford, Conn., from 2:00 p.m. to approximately 5:30 p.m. Eastern Daylight Time. The update will include a robotic-assisted surgical procedure performed in a lab as part of the Medtronic Minimally Invasive Therapy Group's ongoing development and testing process of its RAS technology. In addition, the update will include remarks and responses to audience questions from a panel of surgeons and Medtronic management. Management Q&A is scheduled to begin at approximately 4:15 p.m. Eastern Daylight Time, or shortly thereafter. Medtronic's RAS technology is currently under development. The device is not cleared or approved in the U.S. or any market.

Medtronic will host a live audio webcast of the RAS Investor Update to provide access to all interested stakeholders. The webcast and slides can be accessed by clicking on the Investor Events link at <http://investorrelations.medtronic.com> on September 24, 2019. An archived audio file will be available for replay on the same webpage later in the day and will be available for twelve months.
