

## Medtronic releases 2022 Integrated Performance Report

### **"Engineering impact" highlights the Company's progress toward health equity, workforce diversity and net zero emissions**

DUBLIN, Oct. 11, 2022 /PRNewswire/ -- Medtronic plc today released its fiscal year (FY) 2022 Integrated Performance Report: Engineering impact. The report highlights the Company's progress on its ESG strategy, including measurable impact across patient access and equity; life-transforming healthcare technology; inclusion, diversity and equity (ID&E) and environmental sustainability.

"The Medtronic Mission — to alleviate pain, restore health and extend life — unites our diverse team of more than 95,000 people whose work transforms the lives of two people every second. And despite the global challenges faced over the past year, we maintained our steadfast commitment to carrying out the Mission and increasing our environmental, social and governance efforts.

-Geoff Martha, Chairman and CEO, Medtronic

### **Key ESG accomplishments in FY22**

**Patient access and equity:** Medtronic remained focused on advancing healthcare equity and expanding access to its lifesaving products and therapies. In FY22, the Company:

- Established a Health Equity Advisory Committee (HEAC) in the United States to share best practices and collaborate with others to address health equity, accelerate access and remove structural and social barriers to quality care.
- Invested more than \$69 million in healthcare training for over 350,000 global medical professionals, enabling increased access to quality care in these communities.

**Life-transforming healthcare technology:** Medtronic furthered its position as a healthcare technology leader, leveraging patient-first innovations that personalize healthcare and promote positive outcomes. In FY22, the Company:

- Invested \$2.7 billion in research and development, a 10% increase over FY21.
- Received more than 200 regulatory approvals in major geographies, paving the way for advanced innovation and care.

**Inclusion, diversity and equity:** Groundbreaking innovation comes from an inclusive, diverse and equitable workforce. In FY22, the Company:

- Tied 15% of annual incentive compensation for senior executives<sup>1</sup> to performance against ID&E objectives.
- Made progress toward its diversity goals with 42% of manager-and-above roles globally held by women and 27% of manager-and-above roles in the United States held by people from ethnically diverse groups, on track to meet FY26 targets of 45% and 30%, respectively.

**Environmental sustainability:** The Company made strong progress toward its FY45 ambition to achieve net zero emissions. In FY22, the Company:

- Reduced greenhouse gas emissions intensity 35% compared to a FY20 baseline.
- Saved 16,500 MWh of energy through energy efficiency projects, lowering operating costs by \$2.9 million.
- Continued to pursue Scope 3 emissions reductions through science-based targets, collaboration with suppliers, packaging innovations and more.
