Medtronic recognized as a LinkedIn Top Company 2026 in the Netherlands, United Kingdom and Germany

Recognition highlights Medtronic as a leading workplace for career growth across key European markets

GALWAY, Ireland - April 29, 2026 -- Medtronic (NYSE: MDT), a global leader in healthcare technology, today announced it has been recognized on LinkedIn's 2026 Top Companies list in the Netherlands, the United Kingdom and Germany. The annual lists highlight workplaces where professionals have strong opportunities to grow their careers, based on data unique to LinkedIn.

LinkedIn's Top Companies lists are country-specific and assess organizations using a set of data-driven pillars, including opportunities for advancement, skills growth, company stability, external opportunity, gender diversity, and educational background of employees.

"Being recognized as a LinkedIn Top Company across the Netherlands, the UK and Germany reflect the strength of our people, our culture and our continued focus on career growth," said Matthew Dovell, VP HR Western Europe & EurAsia Functions. "At Medtronic, we are committed to creating an environment where employees can develop their careers while contributing to meaningful, purpose-driven work."

Medtronic continues to invest in learning and development, inclusive leadership, and growth opportunities that enable employees to thrive at every stage of their professional journey. Across the Netherlands, the United Kingdom, Germany and worldwide, teams play a critical role in advancing healthcare innovation while working in a culture grounded in collaboration and purpose.

The LinkedIn Top Companies 2026 lists were published on April 28, 2026, on LinkedIn. Honorees receive a country-specific Top Companies badge displayed on their LinkedIn company pages for up to one year, subject to LinkedIn's program terms.
