About us

Bold thinking. Bolder actions. **We are Medtronic.**

We lead global healthcare technology and boldly attack the most challenging health problems facing humanity by searching out and finding solutions. Our Mission – to alleviate pain, restore health, and extend life – unites a global team of 90,000+ passionate people. Powered by our diverse knowledge, insatiable curiosity, and desire to help all those who need it, we deliver innovative technologies that transform the lives of two people every second, every hour, every day. Expect more from us as we empower insight-driven care, experiences that put people first, and better outcomes for our world.

In everything we do, we are **engineering the extraordinary.**

Our commitments

Better outcomes for our world

We focus on clinical, economic, and societal outcomes, including localizing in emerging markets.

Life-changing technologies

By combining our profound understanding of the human body with leading science, we accelerate innovation-driven growth.

Experiences that put people first

How we deliver superior outcomes and better experiences for patients and providers.

Insight-driven care

How we turn data, artificial intelligence, and automation into action.

To achieve our strategy, we offer therapies and solutions across four areas

Cardiovascular

Medical Surgical

Neuroscience

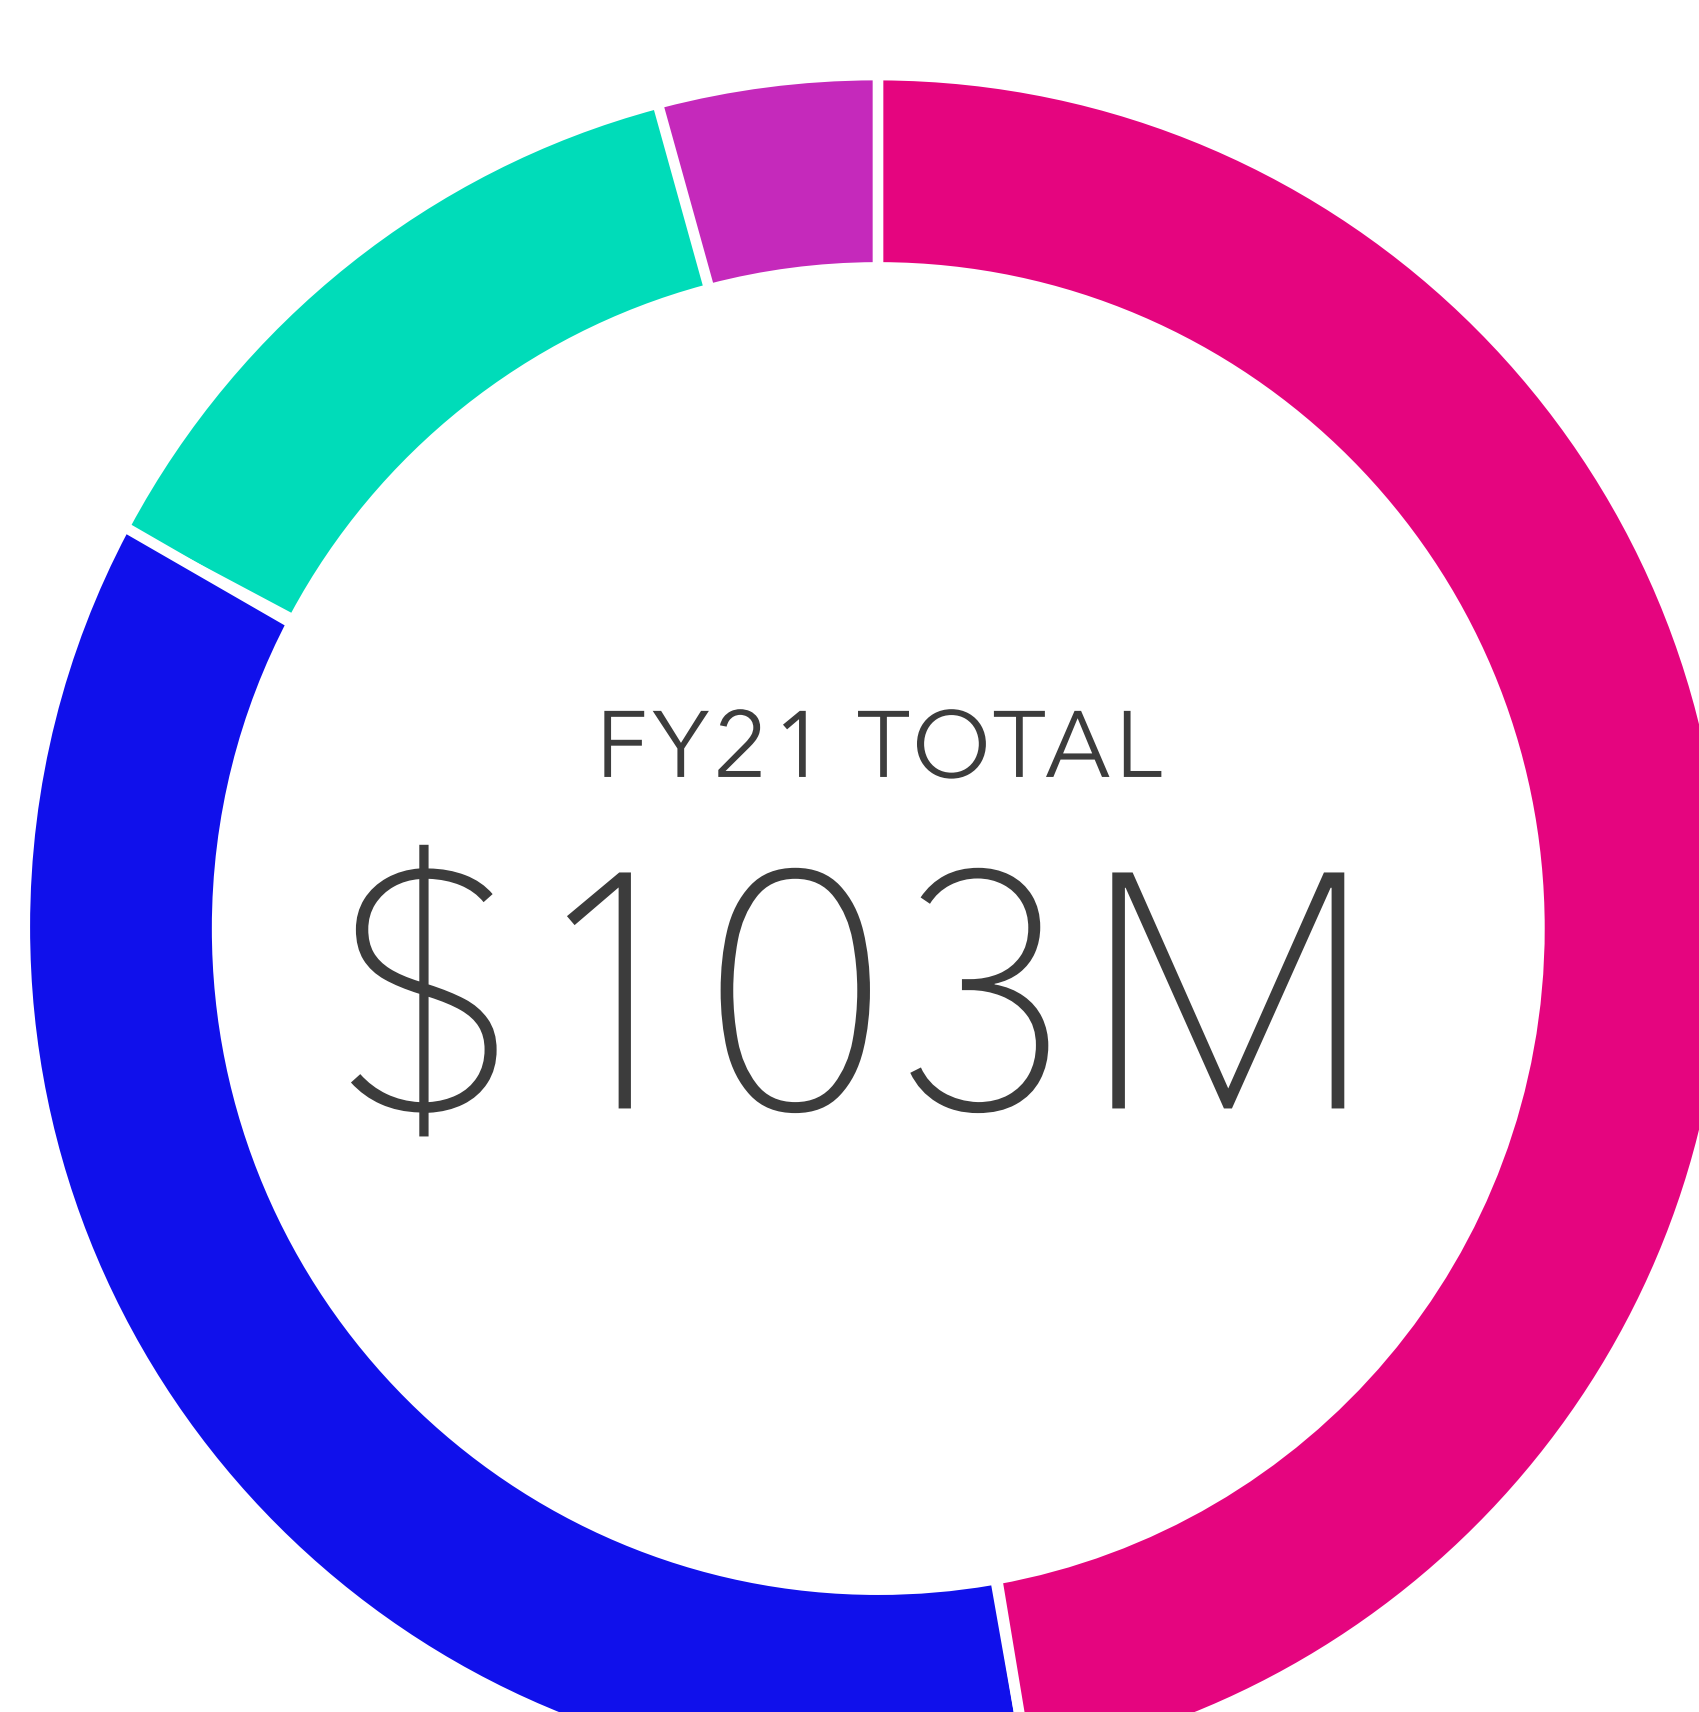

Diabetes

Giving back

The Medtronic Foundation focuses on improving lives for underserved populations worldwide as well as supporting communities where Medtronic employees live and give. Since 1978, the Medtronic Foundation has given **more than \$1 billion**.
